

NORTHEASTERN WEED SCIENCE SOCIETY Newsletter

August 2002

Panoramic view of the Inner Harbor area in Baltimore, Maryland. The Hyatt Regency Hotel (far left in this photo) will be the site of the 57th annual meeting of the Northeastern Weed Science Society to be held January 6-9, 2003 [photo courtesy of Bill Swartwout (www.baltimore.to/baltimore.html)].

Comments from the President

David Mayonado, NEWSS President

I hope your summer has gone well. I know many of us have been dealing with extremely dry weather and the difficulties that this brings. Perhaps it is a good time to turn our attention to other issues like the upcoming meeting in Baltimore and other NEWSS issues.

I attended the 2002 NEWSS Collegiate Weed Science Contest near Newark, NY. Forty students from North Carolina to Nova Scotia participated in this event. Grant Jordan and his crew at ACDS Research did a terrific job of setting up and running the contest. There is an enormous amount of work that goes into hosting the contest and on behalf of the members of NEWSS I'd like to again say "Thanks" to ACDS for volunteering and doing such a wonderful job.

Congratulations to North Carolina State University team #1 for their 1st place finish in the graduate division with Scott McElroy winning the top individual score. In the undergraduate division, congratulations go to North Carolina State as well with Sarah Hans having the top individual score. Full contest details will be posted in the November newsletter.

Please note that Jeff Derr (jderr@vt.edu) is soliciting nominations for the NEWSS awards. David Spak (david.spak@bayercropscience.com) is soliciting nominations for Vice President. More information can be found in this newsletter.

Plans for the 57th annual meeting are going well. The meeting will be held at the Hyatt Regency in Baltimore (same site as the 54th annual meeting in 2000). Meeting dates are January 6-9, 2003. We will again meet jointly with the Northeast Region of the American Society for Horticultural Science (NE-ASHS). Robin Bellinder is planning a symposium about technology transfer from developed to developing nations in the battle against weeds.

We will continue our move towards using electronic projection equipment in our sections. We do not, unfortunately, have this equipment available from the hotel. As was the case last year, the choice as to whether or not, as well as how to make this equipment available, is up to each Section Chair. If you have a desire to use this equipment, please contact your Section Chair and see if it is available. As has become the norm, electronic title and abstract submission is available on the NEWSS website. Please plan on using this method as it greatly

simplifies program preparation for the Program Chair.

The 58th annual meeting will be held at the Cambridge Marriott just outside Boston, MA. We have had previous meetings in this hotel. It suits the size of our organization, and the hotel staff has been outstanding in previous years. They are also undergoing significant renovations that should make our stay even more comfortable. Thanks to Scott Glenn for setting this up.

The NEWSS has received an invitation from the WSSA to potentially meet jointly with them at the 2006 national meeting. This WSSA meeting will be in New York City honoring the 50th anniversary of their first meeting. Their first meeting was held in New York in 1956 and was held jointly with the already established NEWSS. If our society chooses to meet jointly with the WSSA in 2006, we would forgo our normal January meeting dates and meet with them in February. There has been much discussion by the executive committee about the pros and cons of a joint meeting. It was decided to discuss the issue at the business meeting in Baltimore and put the issue to a vote by the membership. Please consider the issue and plan on voting.

Visit the NEWSS website for the latest Society news and activities, to submit titles and abstracts for the 2003 Annual Meeting, and for links to many other weed science sites.

CALL FOR PAPERS

57th Annual Meeting of the Northeastern Weed Science Society Baltimore, MD January 6-9, 2003

CAST Representative: Robert D. Sweet
Cornell University, Dept. of Fruit & Vegetable Sciences
167 Plant Sciences Bldg., Ithaca, NY 14853
Phone: 607-255-5428 / Fax: 607-255-0599
E-mail: sdt1@cornell.edu

WSSA Representative: Timothy E. Dutt
Monsanto Company
8482 Redhaven Street, Fogelsville, PA 18051
Phone: 610-285-2006 / Fax: 610-285-2007
E-mail: timothy.e.dutt@monsanto.com

Graduate Student Representative: Caren A. Judge
North Carolina State Univ., Dept. of Horticultural Sci.
Box 7609, Raleigh, NC 27695-7609
Phone: 919-515-3178 / 919-515-7747
E-mail: caschmid@unity.ncsu.edu

2002 NEWSS Committees

Awards Committee (for Award of Merit, Distinguished Member, Research & Education Awards): Jeff Derr (Chair), Brian Olson, Rich Bonanno, Dave Vitolo, Joe Neal.

Nominating Committee (for Vice President candidates): David Spak (Chair), Betty Marose, Kevin Bradley.

Other Committee Chairs:

Student Paper Contest Committee: Brian Olson

Poster Judging Committee: Paul Stachowski

Photo Contest Committee: Grant Jordan

Resolutions Committee: John Jemison

Past Presidents Committee: Jim Parochetti

Title Deadline - September 20, 2002 has been set as the deadline for submitting titles of abstract or papers to be presented at the 57th Annual Meeting. Title and author information must be in the hands of the Program Chairperson by the deadline in order to be scheduled in the program. Titles may be submitted via mail or electronically at:

<http://www.ppws.vt.edu/newss/newss.htm>

Mail Title Submission Form to the Chair of the Program Committee:

Robin Bellinder, Cornell University, 164 Plant Science Bldg., Ithaca, NY 14853; phone: 607/255-7890; fax: 607/255-0599; email: rrb3@cornell.edu

Submit a Separate Form for Each Title.

Titles should be clear and concise with no more than 100 characters. Avoid using trade names, herbicide chemistry, or scientific names in titles unless essential for clarification. Titles may **NOT** contain unapproved herbicide common names. Trade names only may be used if necessary to identify prepackaged mixes. Check the Weed Science Society of America's website <http://www.wssa.net> (click Weed Control, then Chemical Terminology) for current list of approved chemical and common names. Use the company code number if a common name has not yet been approved by WSSA.

Please make sure that the title and authors indicated on the Title Submission Form are the same as those you want on the final abstract or paper. Changes in titles or authors require your editor to play a matchmaking game that may result in confusion, errors, or even omission from the Proceedings.

Abstract and Paper Deadline – November 1, 2002 is the deadline for all abstracts and papers. Manuscripts received by the Editor after the deadline will not appear in the 2003 Proceedings. Those submitted after the deadline but before the January meeting will be published in the Supplement Section of the 2004 Proceedings.

Keyword forms and a set of instructions for abstracts and full-length paper submission will be mailed to contributors when titles are acknowledged. If you do not receive acknowledgment within a reasonable time period (early October), please contact the Program Chair, Robin Bellinder.

Abstracts are one page in length but may be accompanied by a one page table or figure. Page charges are levied on full-length papers of more than

five (5) pages in length. The page charge is \$25 per page in excess of five (5) pages. Payment for this charge must accompany the paper.

Graduate students who wish to participate in the Graduate Student Presentation Contest MUST CHECK THE APPROPRIATE BOX on the Title Submission Form so the Program Chairperson can schedule the contest papers for judging.

Senior authors who are not currently members of the NEWSS must check the appropriate box on the Title Submission Form to ensure they receive registration information.

If presentation is to be presented via LCD projector, contact section chairperson to arrange for details.

Reminder - Supplement Section - All abstracts, full-length papers, and symposia talks presented at the 2002 meeting, that are intended for the Supplement Section of the 2003 NEWSS Proceedings are due in the Editor's Office on November 1, 2002.

Instructions for Contributors to the NEWSS Proceedings

PAPERS RECEIVED AFTER DEADLINE WILL NOT APPEAR IN THE 2003 PROCEEDINGS
INSTRUCTIONS ARE THE SAME REGARDLESS OF ELECTRONIC OR MAIL SUBMISSIONS

GENERAL INFORMATION

Authors may publish abstracts or full-length papers in the Proceedings. Papers should be pertinent to the general area of weed science and should reflect the content of the oral presentation given at the meeting. At least one author must be a current member of the Northeastern Weed Science Society. Papers submitted after the established deadline will be published in the following year's proceedings. Proceedings will be distributed at meeting registration. **Abstracts and papers must be received by November 1, 2002.**

PREPARATION OF ABSTRACTS AND PAPERS

Arial is the preferred font. Use 12-point font size. Do not use bold fonts at any place in abstracts or full-length papers.

Format: Title, authors' initials (in lower case) and authors' affiliations. Use all caps for title. Title, authors name, and authors' affiliation should be left justified. Do not include the state abbreviation if state name appears in company or university name. The heading ABSTRACT should be centered as in the following example:

WEED RESPONSE TO CULTIVATION. J.P. Smith, H.L. Kim, and B.W. Jones, Univ. of Delaware, Newark; I.M. Weeder, Cornell Univ., Ithaca, NY.

ABSTRACT

(Body of Abstract)

In body of full-length papers, center and capitalize all section headings (do not underline or bold the headings) including abstract, introduction (justification/rationale), procedures, results and discussion, and literature cited. In full-length papers, insert tables and figures in text, rather than at end of paper.

Titles: Titles should contain no more than 100 characters. Avoid using trade names, herbicide chemistry, or scientific names in titles unless essential for clarification. If title exceeds one line, single space between lines.

Page limitations:

Abstracts: One page of text is permitted with a second page allowed for presentation of a table or figure. Those submitting only an abstract are encouraged to include a table **if publication elsewhere is not intended.**

Full-length papers: Five pages are allowed with tables and figures included in the text. A charge of \$25 per page will be levied for papers exceeding the five page limit. All excess page charges must accompany the manuscripts to the editor. Payment should be in the form of a check made out to the Northeastern Weed Science Society. A receipt will be supplied if requested.

All manuscripts:

Tables: Margins for tables and graphs must be within those specified by typing instructions. Reduced copies of tables and graphs may be used, but must be as clear as originals for acceptable printing.

Herbicide names: If a common name has not yet been approved by WSSA, use the code number. Check the Weed Science Society of America's website <http://www.wssa.net> (click Weed Control, then Chemical Terminology) for the current list of approved chemical and common names. Herbicide trade names may be used as long as accompanied by appropriate common name. If use of a trade name is required to properly identify product, at first mention use the appropriate common name, immediately followed by trade name in parenthesis. Herbicide trade names are acceptable for clarification of pre-packaged mixtures. ABSTRACTS- omit chemical names and use only common names. FULL-LENGTH PAPERS- at the first

mention of an herbicide, except in the title or abstract, give its approved common name or other designation first and follow it with the full chemical name in parentheses or in brackets if there are parentheses within the chemical name. Use only the common name or code name thereafter.

Plant and animal names: In either abstracts or full-length papers, at the first mention of a crop, weed, or other organism give the common name and follow it with the approved scientific name. The scientific name should be italicized or underlined and in parentheses or in brackets, if there are parentheses within the scientific name. Give the genus, species, and authority for the binomial. Include the cultivated variety of a crop plant if known and indicate it by enclosing it in single quotes.

Example: Corn (*Zea mays* L. 'Dixie 18'). For cultivar names that are registered trade names insert (R) after the name. For approved common and scientific names of weeds see the *Composite List of Weeds*, Revised 1989, available from WSSA, 810 East 10th Street, Lawrence, KS 66044-8897. After the first mention, use only the common names. The term tolerance is not used by WSSA. Plants are considered either resistant or susceptible (i.e. triazine-resistant smooth pigweed or glyphosate-resistant soybeans)

Abbreviations: Use abbreviations as shown in the "Herbicide Handbook" or as used in one of the previous year's issues of *Weed Science*. Abbreviations often causing trouble which are acceptable for NEWSS use (although not in agreement with the CBE Style Manual) include two-letter abbreviations for states, Ci for curie, M for molar (do not abbreviate mole), L for liter, ppmw for parts per million by weight, ppmv for parts per million by volume, ae for acid equivalent, and ai for active ingredient. Do not place a period after an abbreviation in the text. Do not start a sentence with an abbreviation. All abbreviations not shown in *Weed Science* should be introduced in parentheses immediately after the first use of the word. Example: cation exchange capacity (CEC). Do not use a hyphen for the preposition "to"; or an "x" for the preposition "by", except in tables or figures. Write 1 to 3 rather than 1-3 and 100 by 20 rather than 100 x 20.

Numbers: Use Arabic numbers for all numbers with two or more digits and for all measurements such as time, weight, or degrees except when the number is the first word in a sentence. Spell out numbers when they are the first word in a sentence or when they are less than 10 and not measurements, except when in a series in which one figure has two or more digits. Report only significant numbers.

Measurements and units: It is acceptable to report measurements in English or metric units. In laboratory

studies, express concentration of acids and bases in normality (N) and of herbicide and salt solutions in molarity (M) rather than ppm. Use ml rather than cc for all measurements of volume.

Footnotes: Number footnotes consecutively throughout the manuscript except for tables that are handled separately. Do not put acknowledgments in footnotes.

Trade names: Use trade names of such items as equipment only when necessary to describe the materials or methods adequately. Capitalize trade names. Footnote names with the address of the supplier only if the supplier is not commonly known.

Full-Length Papers Only:

Acknowledgments: Give all acknowledgments in a separate section immediately following the Results and Discussion.

Literature cited: Number citations alphabetically and use the number of the reference (in parentheses) in the text. Each citation should include names of all authors, year of publication, complete title, publication, volume number, and inclusive pages, in that sequence. When two or more authors are listed, initials should follow the last name for the first author, but the initials should precede the last name of other authors (see detailed instructions in the CBE Style Manual). Do not leave a space between the period after each initial and the next letter. Books, bulletins, and other similar publications should show as the last entry the number of pages in the publication. Theses, letters, or other communications or publications not normally available in libraries should appear as text footnotes and not in the Literature Cited section.

INDEXING – KEY WORDS

Authors are required to prepare a key word list for each of their papers. This can be at the NEWSS website <http://www.ppws.vt.edu/newss/newss.htm>. This list is used to make an index to the Proceedings. Capitalize all keywords and state noun first, followed by modifier as shown in the following examples: Maple, red or Corn, sweet. Do not show the authority for binomials. Use the form provided to list keywords by the following categories.

- Author name(s): last name, followed by initials.
- Crop(s): list both common and scientific name(s).
- Weeds(s): list both common and scientific names(s).
- Area(s) of non-crop use.

- Chemical(s): WSSA approved common names, or code number only if no approved name is available. Use trade names for pre-packaged mixtures only. Check WSSA's website <http://www.wssa.net> (click Weed Control, then Chemical Terminology) for the current list of approved chemical and common names.

- Subject, special equipment and techniques, biochemical, physiological, or microbiological observations.

TYPING INSTRUCTIONS

Paper - Smooth surface, mimeograph type paper.

Page size - 8 ½" by 11".

Margins - Top and both sides - 1", bottom - 3/4". Indent paragraphs in abstracts and full-length papers.

Corrections - Do not erase, paste on corrections.

Typewriter/Printer - Use **12 pitch print**. **Laser print or clear typed copies are recommended. Manuscripts printed on dot matrix printers may be rejected by the editor if print quality is poor.**

Spacing - Single space text, tables, and table and figure headings. Double space between section headings and single space between paragraphs.

Do not use staples or paper clips on the original.

Do not number pages.

Capitalize proper nouns, Table, Figure, etc.

Footnotes - In Tables and Figures annotate with lower case letters. Number footnotes consecutively in text.

Review abstracts and papers prior to submission.

Please follow instructions and observe the announced deadline.

MAILING INSTRUCTIONS

Mail an original (**Fax will not be accepted**) and one copy of the abstract or full-length paper, the keyword form, and excess page charges to the NEWSS Editor.

Mark VanGessel
Research and Education Center
University of Delaware
16684 County Seat Highway
Georgetown, DE 19947
mjv@udel.edu

All copies should be mailed flat. Use cardboard on top and bottom when mailing to prevent damage.

ELECTRONIC SUBMISSION

Complete the key word list for each paper at the website <http://www.ppws.vt.edu/newss/newss.htm>. Text and graphs/figures should be sent via email attachments to mjv@udel.edu. Text files need to be MS Word or WordPerfect compatible and graphics must be PowerPoint compatible. Upon receipt, files will be printed and if re-formatting is required, authors will be notified for corrections or for a hard copy.

2003 Annual Meeting Program

Listed below are the section chairs and chair-elects for the 57th Annual Meeting of NEWSS to be held January 6-9, 2003 at the Hyatt Regency in Baltimore.

Program Chair

Robin Bellinder
Phone: 607-255-7890
Email: rrb3@cornell.edu

Agronomy Section

Chair: Mark Isaacs
Phone: 302-856-1997
Email: isaacs@udel.edu

Chair-elect: Brian Manley

Biologically-Based Weed Control

Chair: Antonio DiTommaso
Phone: 607-254-4702
Email: ad97@cornell.edu

Chair-elect: none

Conservation, Forestry, and Industry

Chair: Stratford Kay
Phone: 919-515-5645
Email: stratford_kay@ncsu.edu

Chair-elect: Tracey Harpster

Ornamentals

Chair: Hannah Mathers
Phone: 614-247-6195
Email: mathers.7@osu.edu

Chair-elect: Kathy Kalmowitz

Poster Section

Chair: Tracey Harpster
Phone: 814-865-3190
Email: tlh8@psu.edu

Chair-elect: Tim Hess

Turfgrass and Plant Growth Regulators

Chair: John Isgrigg

Phone: 804-796-5982

Email: trey.isgrigg.b@bayer.com

Chair-elect: Shawn Askew

Vegetables and Fruit

Chair: Hilary Sandler

Phone: 508-295-2212

Email: hsandler@umext.umass.edu

Chair-elect: Bill Sciarappa

Articles for *NEWSS NEWS*

Please email articles or notices for the *NEWSS* newsletter to Todd Mervosh, Public Relations Representative (Todd.Mervosh@po.state.ct.us). Or else, send a hard copy, plus the file stored on diskette to:

Todd Mervosh, CAES Valley Lab, 153 Cook Hill Road, P.O. Box 248, Windsor, CT 06095.

The deadline for inclusion in the November newsletter is **October 18, 2002**.

Sustaining Membership

Approximately 25 companies provide financial support to *NEWSS* in the form of sustaining memberships. The most current list of Sustaining Members can be found in the back of the 2002 Annual Meeting Program and in the front of the *NEWSS* Proceedings, Vol. 56. The Society wishes to thank these companies for their continued efforts. These funds are utilized for many different *NEWSS* activities. Any company that would like information on becoming a Sustaining Member should contact Ted Bean (see p. 2 for contact information).

Awards Chairman Calls for Nominees

This announcement serves as the last call for nominations for the following Society awards:

- Distinguished Member Award
- Award of Merit
- Outstanding Educator
- Outstanding Researcher

Nominations are due by **September 20, 2002**, so please consider nominees for these awards. Please refer to the nomination form enclosed in this newsletter for the awards criteria. Completed forms should be sent to Jeff Derr, Awards Committee Chairman.

WSSA Report

Tim Dutt, WSSA Representative for NEWSS

The WSSA Board of Directors summer meeting was held July 20-21 at the Adam's Mark Hotel in Jacksonville, FL. This will be the site of the 2003 annual meeting on February 10-13. It is an excellent location, so make your plans to attend the meeting. One of the biggest changes in this meeting will be the move to a Monday through Thursday format. Most of the committee meetings will be scheduled during the conference with this new format. I encourage you to become involved in the WSSA and volunteer to serve on a committee of your interest. The program and local arrangements committees are working to put together an excellent meeting, which will include 4-5 symposiums and 2 workshops. Note that September 10 is the deadline for paper title, abstract, and award nomination submissions. Refer to the July WSSA Newsletter or web homepage (<http://www.wssa.net>) for details.

Future meeting sites for the WSSA will be Kansas City, MO in 2004 (February 7-11) and Honolulu, HI in 2005 (February 7-10). New York City has been selected as the site for the 50th Anniversary Meeting in 2006. *NEWSS* will have the opportunity to host the 2006 meeting, which will be of historical significance for the societies.

Call for Vice President Nominations

The Executive Committee is requesting suggestions from the membership for nominations to the office of *NEWSS* Vice President. The Vice President serves as chairperson of the program committee and automatically succeeds to the office of President Elect. By general rule, the person elected Vice President at the 2002 meeting should be selected from members who are employed in the private sector (industry, consulting firm, etc). Nominations should be sent to the Chairman of the Nominating Committee as soon as possible:

David Spak, Bayer CropScience

113 Willow Ridge, New Holland, PA 17557

Phone: 717-355-2822 / Fax: 717-355-0990

Email: david.spak@bayercropscience.com

Procedures for the *NEWSS* Archives

The Past President of *NEWSS* compiles information from the previous year for the *NEWSS* archives. If you have articles, pictures, or other items for the archives, send them to Jeff Derr. Robin Bellinder is maintaining the archives at Cornell University.
